

It's about that time...

Your child will be turning three in the next 6 to 9 months and will no longer be eligible for First Steps services. However, they may be eligible for other programs. It is important to start this adventure early so that your child does not experience a delay in services. Transition is a collaborative process between your family and other community resources. Your Service Coordinator will guide you through this journey.

To find out more about timelines and options, you may obtain a Transition packet from your Service Coordinator. Feel free to call her and ask about this information. If you are unable to obtain this information, please feel free to contact the First Steps office (219-662-7790) with your child's name and the name of your Service Coordinator so that we may assist you with this matter.

Have you heard about the Transition training events in your area?
To find out more, call the First Steps office at (219) 662-7790.
