

## Floyd County - When Visiting a Preschool Program

It is helpful when visiting a preschool program to picture your child as part of the class. Consider these questions:

- Do the children appear to be happy?
- Are they actively involved with materials and with each other?
- How is communication encouraged?
- How are families involved?

### Tips for Preschool Visits:

- Make an appointment. Visit only at the time scheduled.
- Upon arrival, check in at the office.
- Ask the teacher where to sit and whether to interact with the children.
- Write down questions to ask the teacher later.
- Schedule a time to talk with the teacher at the end of your visit or a later time. You may want to talk with the teacher privately about your child.
- Ask the teacher for suggestions to help ease your child into school.
