

INDIANA

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."

~Margaret Mead

Do you want to improve:

First Steps? Special Education? Medicaid?
Medicaid Waivers? Respite? Vocational
Rehabilitation? Community Accessibility? Health
Care Funding? Health Care Services? Awareness?

Joining with other Families to share information,
collaborate and advocate is an important step.

Family Voices of Indiana hopes to create a more comprehensive more effective vehicle for families to be heard and to participate in all levels of public policy decisions that impact our families.

We seek to include families of children with all types of disabilities and special needs, recognizing that our voices are louder when they are heard together.

We hope to provide an avenue for all family support groups and networks to work together to ensure that the perspective of families is always represented.

A Yahoo list serve has been created to allow timely dissemination of information on policy issues and opportunities for families to give input.

You are encouraged to sign up for this list serve by accessing the following link:
