

Get Ready for Kindergarten! DVD

This DVD has three sections:

1. Get Ready for Kindergarten!

Sam is in the classroom with children in a kindergarten class. This section shows what a typical day in kindergarten is like.

2. Preparing Your Child

This section gives parents ideas of how to prepare their child by using everyday activities in the home and community. Looking at road signs – letters, what they say and mean. Talking about the items at the grocery – how food grows, what the items are called. At home, cooking – how to measure, where the instructions are located and etc.

3. Tips for Reading

A parent and child select a book, read it together and discuss the book after reading it. Tips are given to the parent on how to make this process interesting and educational for the child.
